

HARMAN KARDON® SOUNDSTICKS® WIRELESS SPEAKER SYSTEM

Introducing the evolved, wireless offspring of the illustrious SoundSticks II speaker system, which is part of the permanent collection at NYC's Museum of Modern Art (MoMA).

Our stunning work of art is now wireless.

The Harman Kardon® SoundSticks® Wireless speaker system evolved from the SoundSticks II that now resides in the permanent collection of NYC's MoMA. Taking the inspired design of its elder, Harman Kardon engineers improved the aesthetic with slight visual enhancements, and added *Bluetooth*® technology for a more seamless listening experience. Featuring a six-inch subwoofer, eight full-range drivers and 40 watts of amplification, the SoundSticks Wireless delivers the same beautiful sound and pop-culture appeal as its predecessor, only now you can seamlessly stream audio from any of your favorite *Bluetooth*-enabled devices – be it your iPhone, iPad, laptop, tablet or MP3 player.

Effortlessly Stream Beautiful Sound

- Integrated *Bluetooth* technology
- 6-inch (150mm) down-firing subwoofer
- Eight full-range transducers

Fabulous Form Meets Fabulous Function

- Awe-inspiring industrial design
- Touch controls for volume and mute
- 1/8-inch (3.5mm) stereo audio connection

KEY FEATURES

Harman Kardon® SoundSticks® Wireless Speaker System

Whether you're using the SoundSticks Wireless as complementary speakers to your computer or your home entertainment system, they're sure to make any design scheme more stunning, all while filling your entire room with unparalleled Harman Kardon sound.

HARMAN TrueStream™

HARMAN TrueStream™ allows you to wirelessly connect *Bluetooth*-enabled devices to get superior sound quality without the need for wires or docking.

Integrated *Bluetooth* Technology

No need to mess with wires. Play audio from your *Bluetooth*-enabled devices (such as your tablet, smartphone, laptop and MP3 player) with HARMAN TrueStream™, which offers audiophile-quality sound.

6-inch (150mm) Down-Firing Subwoofer

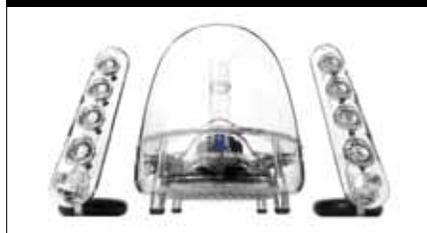

The down-firing subwoofer keeps your lows consistent, precise and powerful, all while reducing distortion and noise when listening to audio at higher levels. The flared port also increases bass output, and can be easily adjusted to fit any room.

Eight Full-Range Transducers

Experience audio as it was intended to sound with the powerful SoundSticks Wireless satellite speakers. Their full-range, easy-to-adjust transducers are designed to fill the room with crisp, clear audio.

Awe-Inspiring Industrial Design

The stunning, translucent speakers were a hit with art lovers worldwide, earning them a pedestal in homes, offices and the permanent collection of NYC's MoMA.

Touch Controls for Volume and Mute

Raise, lower and mute volume with a simple touch; it's exceptionally easy to use.

1/8-inch (3.5mm) Stereo Audio Connection

The SoundSticks Wireless connects to virtually any media player, offering maximum flexibility. Use it with your iPhone, iPad, computer, tablet, MP3 player and other popular media devices.
